PROFESSIONAL SUMMARY

Marketing professional with 1.5+ years spanning creative-agency content production, B2B institutional sales, and retail operations. Runs end-to-end content strategy and AI-assisted production for a multi-client agency roster, alongside a self-directed portfolio of brand strategy and spec advertising work. Brings a commercial edge from government and institutional account handling that is uncommon at this career stage.

WORK EXPERIENCE

Digital Marketing Assistant | Yokomet Creative Agency, Kerala, India

Dec 2025 – Present

- Own end-to-end content strategy and production for 8–10 client Instagram accounts across healthcare, travel, hospitality, and air-quality sectors, shipping 20+ pieces of content weekly (reels, carousels, captions).
- Built a full AI-assisted production pipeline (ElevenLabs voiceover → CapCut edit → Canva/Freepik design) to produce brand reels and ad creatives faster than traditional production workflows.
- One AI-produced reel directly drove product sales for a client — evidence of conversion impact, not just reach.
- Use ChatGPT, Claude, and Gemini as a structured ideation and copywriting layer to run campaign planning across multiple client briefs in parallel.
- Developed 30-day content calendars and shot-by-shot creative briefs for real estate and hospitality clients.

Sales Management Trainee | Birla Opus Prime, Kerala, India

Jun 2025 – Nov 2025

- Managed institutional and government B2B accounts across Kerala, covering 10–25 dealers, contractors, and institutions through structured field visits.
- Supported institutional engagement on Kerala Metro Phase 2, one of Birla Opus's largest active government accounts in the state.
- Handled documentation and multi-authority coordination for government approvals, translating field findings into internal sales and marketing reports.

Institutional Sales Intern | Birla Opus, Kerala, India

Apr 2025 – May 2025

- Mapped institutional, contractor, and dealer requirements across Kerala through structured field research feeding directly into regional sales strategy.

Summer Intern — Retail Operations | Arvind Fashions Limited (USPA), Bengaluru, India

Apr 2024 – Jun 2024

- Supported inventory allocation and in-store customer engagement for a national fashion retail brand.
- Ran a customer preference and trial-room-etiquette study, translating direct observation into brand improvement recommendations.
